June 26, 2015

Dear NorthWood Football Player and Parents,

Our TEAM camp at Trine University is right around the corner! I am excited for this opportunity for our staff to work with you and to develop you into better football players and men. Attached you will find a document that will help remind you about important information regarding our team camp. Please plan ahead and prepare.

There is a very famous quote that says, “First we will be the best, then we will be first!” At Trine, we will prepare to be the best. We will not take any shortcuts, and we will stress the fundamentals of the game. Fundamentals, along with good work ethic (industriousness), teamwork, and a selfless attitude will allow us to win. Winning is our goal. Trine provides us a unique opportunity to focus solely on football, and eliminate all outside distractions. Make no mistake, it will be hard. But, as you have heard us say before, excellence has a price, it is called sacrifice and suffering. There are no shortcuts gentlemen.

We will expect nothing but a CHAMPIONSHIP effort from you and your teammates. Anything less than your best effort will be shortchanging yourself and your team. For us to reach our goals, you must be willing to sacrifice for the betterment of the TEAM. Everyone has a role on this team, and everyone will be held to high expectations.

In closing, I hope and pray that you are enjoying your much needed and deserved time off with your family and friends. Please rest, relax, and enjoy your time.

“Respect the Past” – “Represent the Future”

The NorthWood High School Coaching Staff

Coach Nate Andrews
Head Football Coach
